

Фразовые глаголы to break, to carry, to call, to fall, to take.

Все мы знаем, что фразовые глаголы — это особенность английского языка, незнание которой выдает наш уровень владения английским языком. Изучая английский язык в школе три часа в неделю, многим учащимся недостаточно представленных в УМК упражнений на закрепление, и они испытывают определенные трудности в освоении фразовых глаголов. В своей работе я постаралась разработать дополнительные упражнения для их отработки. Здесь представлены упражнения лишь для отработки некоторых фразовых глаголов.
